

1st WORLD GREXPO FOUNDATION EXPO & TRADE FAIR CONFERENCE, BUSINESS EXCELLENCE AWARDS

Organized by

PLASTICS

Plastic Raw Materials, Resin, Compound Thermos Plastics, Plastic Products & Processing, Primary Processing, Machineries & Equipment for Plastic & Rubber, Speciality, Chemicals, Additive, Filtern, Reinforcement & Intermediate.

7th – 10th November 2025

📍 India Expo Centre, Greater Noida

.... Introduction

Welcome to the 1th World Grexpo Foundation Expo and Trade Fair Conference & Business Excellence Awards, the premier event dedicated to advancing innovation and sustainability in the Plastics & Packaging with Machineries industry. Held from the 7th to 10th of November 2025 at the prestigious India Expo Centre in Greater Noida.

As the plastic industry continues to evolve, this exhibition serves as a pivotal platform to showcase the latest technological advancements, explore cutting-edge solutions, and address the pressing challenges faced by the industry. With a strong emphasis on sustainability, the 6th Global PolyGreen Exhibition is committed to driving positive change in the sector, promoting eco-friendly practices, and fostering collaboration across the entire value chain.

Join us for this landmark event where the future of the plastic industry is shaped, connections are forged, and new opportunities emerge. Whether you are a manufacturer, supplier, researcher, or investor, this exhibition is your gateway to the next level of success in the plastic and plastic machinery sector.

Benefits

Networking Opportunities:

Meet industry leaders, experts, and potential clients from around the world.

Latest Innovations:

Discover cutting-edge technologies and products in the plastic machinery sector.

Knowledge Sharing:

Attend expert-led sessions to learn about the latest trends and challenges in the industry.

Business Growth:

Explore opportunities for partnerships, collaborations, and expanding your market reach.

Challenges

SUSTAINABILITY:

Addressing the environmental impact of plastics and finding eco-friendly alternatives.

REGULATORY COMPLIANCE:

Navigating complex regulations and standards in the industry.

TECHNOLOGICAL ADVANCEMENT:

Keeping up with rapid technological changes and integrating them into existing systems.

SUPPLY CHAIN ISSUES:

Managing the challenges related to sourcing materials and logistics in the global market.

KEY HIGHLIGHTS OF THE **EXHIBITION**

Product Showcases

Featuring the latest plastic machinery and technologies

Expert Panels

Sessions led by industry experts on critical topics such as sustainability, innovation, and market trends.

Live Demonstrations

Real-time demos of cutting-edge products and solutions.

Awards Ceremony

Recognizing excellence in the industry through the Business Excellence Awards.

TARGET

AUDIENCE ▶▶▶

Manufacturers:

Companies involved in the production of plastic products and machinery.

Suppliers:

Businesses providing raw materials, components, and services to the plastic industry.

Researchers & Innovators:

Those involved in developing new technologies and materials for the plastic sector.

Government Representatives:

Policy-makers and regulatory bodies interested in the latest industry trends and compliance issues.

Investors:

Venture capitalists and private equity firms looking for investment opportunities in the sector.
